Freelance Database Management Service	87.7%	500-1500	10-20
Freelance Data Analytics Service	87.6%	500-1500	10-20

90 day roadmap: Freelance Transportation Consulting

Offer freelance consulting services to municipalities and companies seeking to optimize transportation systems and projects, using data analysis and modeling techniques.

Budget: EUR 500-2000 | Time: 10-20 hours/week

Days 1-30

You will define a focused transportation consulting offer, learn the local market, and prepare proof that you can solve transport problems with data.

Action	Hours	Cost (EUR)
Choose one starting service, such as traffic-demand analysis, route performance review, or transport project reporting, and write a one-page offer for municipalities and transport companies.	8.0	0
Review 10 public transport or road-planning projects on municipal websites, Eurostat, and data.europa.eu; record common problems, available data, and possible consulting opportunities in a spreadsheet.	12.0	0
Create a small portfolio case study using an open dataset from Eurostat or a local open-data portal. Show data cleaning, a simple model, two charts, and three practical recommendations.	14.0	0
Set up a simple professional profile on LinkedIn and Upwork, including your data engineering background, transportation offer, portfolio case study, and a clear contact method.	6.0	25
Phase total	40.0	25

Days 31-60

You will test your offer with real prospects, build relationships in the transport sector, and improve your sales materials from their feedback.

Action	Hours	Cost (EUR)
Contact 20 potential clients through LinkedIn and direct email, including municipal transport departments, engineering firms, bus operators, and mobility startups; offer a short data review call.	12.0	0
Attend one local transport, smart-city, or urban-planning meetup through Meetup.com, Eventbrite, or a professional association, and speak with at least five potential contacts.	8.0	35
Prepare a reusable discovery questionnaire, proposal template, sample timeline, and fixed-price starter package for a two-week transport data review.	10.0	0
Run two free or low-cost 30-minute review calls with prospects and turn the findings into anonymized sample recommendations for your portfolio.	10.0	0
Phase total	40.0	35

Days 61-90

You will secure and deliver a first paid project, collect evidence of results, and create a repeatable way to find more transport consulting work.

Action	Hours	Cost (EUR)
Send tailored proposals to at least 10 qualified prospects found through LinkedIn, Upwork, local government supplier pages, and transport-sector contacts.	10.0	0

Action	Hours	Cost (EUR)
Deliver one small paid project, such as a route-performance review or transport data report, using a written scope, weekly client update, and final recommendations document.	24.0	0
Buy a professional domain and create a simple one-page website with your offer, case study, services, contact form, and LinkedIn link using Carrd or WordPress.	8.0	85
Ask the first client or pilot contact for a testimonial, measure one clear result, and publish an anonymized case study on LinkedIn and your website.	6.0	0
Join one relevant professional body or attend a transport conference or webinar, such as an event from POLIS Network, UITP, or a national transport association, to build five new sector contacts.	8.0	40
Phase total	56.0	125

Fit percentages, budget/time ranges, and matched skills/traits above are computed, not AI generated. The written summary, rationales, and roadmap text were generated with gpt-5.6-luna.
